GERMAN COAL FOR ITALY TO BE DETAINED AS PRIZE: NO PAYMENT TO ITALIAN IMPORTING FIRM UNTIL WAR ENDS

LONDON, MAR. 7 (BRITISH WIRELESS)—EIGHT ITALIAN SHIPS, WHOSE CARGOES OF GERMAN COAL ARE TO BE DETAINED AS PRIZE, IN ACCORDANCE WITH THE ORDER ISSUED LAST NIGHT IN LONDON BY THE ENEMY EXPORTS COMMITTEE, WILL BE DIRECTED BY THE ADMIRALTY TO LEAVE THE CONTRABAND CONTROL BASE IN THE DOWNS FOR PORTS WHERE THERE ARE ADEQUATE FACILITIES FOR UNLOADING.

The coal will then be taken over by the Government at the ruling price or offered for sale by tender or auction. The sum realised will be held at the disposal of the Prize Court until the end of the war. It will then be paid to the Italian importing firm as the coal had already been paid for by the Italians under the clearing agreement.

The Committee's decision is taken under the Government reprisal order which came into force in November but whose application to German coal for Italy was delayed until March 1.

New Drug In Treatment Of Spotted Fever

Encouraging results obtained by the use of a new drug in the treatment of spotted fever are recorded in a Health Ministry memorandum to medical officers.

Although the prevalence of the disease at the moment is higher than at the peak period in 1915, when the death rate was between 50 and 60 per cent, the death rate has now been brought down by the help of the drug to ten per cent.

Greatest importance, however, is attached to early diagnosis to make full beneficial use of the drug, says British Wireless.

MENZIES AGREES TO COALITION GOVERNMENT

Mr. R. G. Menzies, Prime Minister of Australia, has agreed upon the formation of a coalition government, says a Reuter message from Melbourne.

Mr. Menzies has reached an agreement with Mr. Cameron, Leader of the Country Party, whereby Mr. Cameron will become Deputy Prime Minister.

Other members of the Country Party have accepted three portfolios and two honorary Ministerships.

HELSINGFORS, Mar. 7 (Reuter)—A Finnish blue book on the war is to be published. It contains documents, in which demands made by Russia were not acceptable by Finland, in contrast to the treaties between the two countries.

Roosevelt's Peace Reporter

MR. WELLES IN PARIS

PARIS, Mar. 7 (Reuter)—The press warmly welcomes Mr. Sumner Welles, who arrived here this morning from Switzerland, and describes him as President Roosevelt's peace reporter.

Mr. Welles was met by the Foreign Under-Secretary, M. Doreux and the United States Charge d'Affaires, Mr. Robert Murphy.

Mr. Welles met British and foreign correspondents at noon. He is seeing M. Lebrun, President of France, this afternoon and will hold conversations with the Premier, M. Daladier, later.

Mr. Welles will be the guest of the Premier at dinner.

The full programme of his visit to Paris is not completed but it is stated that he is expected to see the Polish President and Government representatives.

During his stay in Berlin, Mr. Welles had an interview with Herr Hitler and also met Herr von Ribbentrop, Field-Marshal Goering and Herr Hess.

FOUR PRINCIPLES

Special to H.K. Daily Press

PARIS, Mar. 7 (Havas)—The entire press welcomed the arrival of Mr. Welles here.

Excelsior recalled the four principles outlined by Mr. Welles in a radio broadcast in Oct., 1938.

These principles were: Respect for the given word; Non-intervention in the internal affairs of other States; Settlement of all differences by peaceful methods; and Respect for the rights of other nations.

The paper stressed that Mr. Welles' broadcast caused the German press and radio to unleash furious personal attacks against American statesmen.

Referring to Mr. Welles' present mission, Excelsior says: "Although he has chosen to adopt a most reserved attitude it does not mean that he has abandoned the above-mentioned principles."

"No Sale Of China"—News Chronicle

LONDON, Mar. 7 (Reuter)—The growing Japanese desire for an ending to the China incident cannot wholly be dissociated from the recent moves in Tokyo aimed at improving relations between Japan and the Allies, says the News Chronicle in an editorial.

NO "MUNICH"
"People in Britain would be glad to see the China War ended and with it China's sufferings. What they are not prepared to do is to stage a Far Eastern 'Munich' to condone Japan's aggression and sell China in return for Japan's friendship."

"While the effect of any retreat would be had enough for this country, it would be even worse for America. Nothing can do more harm to Anglo-American relations than acceptance of Japan's claims and the betrayal of the Chinese people."

"There is something to be said for Britain and France offering timely mediation between Tokyo and Chungking in an effort to bring about a settlement of the China War, but only if Japan is ready to repair some of the grievous wrong she has done to China by making peace on terms which would satisfy Generalissimo Chiang Kai-shek."

LOYALTY OF BRITISH WORKER

LONDON, Mar. 7 (BWS)—The new 85,000-ton Cunarder Queen Elizabeth, the world's largest vessel, is due to dock in New York this afternoon after completing a remarkable trans-Atlantic maiden voyage in secret.

The Daily Herald comments: "Careless talk betrays vital secrets. When you 'sneak' how many people must have known some part of this secret, because it was their job to do so, you may feel proud of the loyalty and common sense of the British worker."

KEENLY AWAITED

NEW YORK, Mar. 7 (Reuter)—The Cunard liner Queen Elizabeth was sighted by American planes off the United States coast this morning. Her arrival is keenly awaited in New York.

Attacks By Soviet Infantry Repulsed

HELSINGFORS, Mar. 7 (Reuter)—Attacks by Soviet infantry and mechanised units across the ice of the Gulf of Finland have been repulsed by the Finns.

Landing parties on the shore of Viborg Bay have been small and easily repulsed by the Finnish troops.

EASY TARGET

HELSINGFORS, Mar. 7 (Reuter)—Strong infantry detachments advancing across the bay provided an easy target for Finnish artillery and aerial bombing. Russian planes made desperate, but unsuccessful, efforts to drive off the repeated attacks of the Finnish Air Force.

MUTINY OF PUPPET TROOPS WAS CAUSE OF JAPANESE DEFEAT IN TENGHAI

MEIHSIEN, Mar. 7 (Central)—It is learned that the mutiny of the puppet troops was largely responsible for the failure of the recent Japanese counter-offensive on Tenghai, 12 miles north-east of Swatow.

The puppet troops were forced by the Japanese to be the spearhead of the offensive. Routed by the Chinese, they turned back and were machine-gunned by the Japanese. In consternation, they fired back and with assistance of the Chinese troops defeated the Japanese.

They have subsequently surrendered to the Chinese and are now under re-organisation.

GUN DUELS

TUNGKUAN, Mar. 7 (Central)—Further gun duels have taken place between the Chinese at Tungkuan and the Japanese at Fenglingtu, across the Yellow River, in Shansi, in the past few days.

The Japanese gun emplacements received direct hits on Tuesday and several artillery pieces were destroyed. Fires were also started in the Japanese lines.

JAPANESE MOTIVE NOT CLEAR

CHUNGKING, Mar. 7 (Reuter)—Fighting is at present going on in south Kwangtung in the vicinity of Chungshan, Kutsing, Matang, Tangchiawan, Hsiangchow, Samshui, Nanhai and in the areas along the lower West River, according to Chinese reports received here today.

The motive of the Japanese operations in the area south-west of Canton is not yet clear. It is suggested that the Japanese may try to launch a drive along the West River towards Wuchow, on the Kwangtung-Kwangsi border, for the purpose of isolating Kwangtung from Kwangsi.

At the same time, it is possible that the Japanese operations may be confined to an attempt to disperse Chinese mobile units operating south-west of Canton.

A foreign traveller, who recently visited Canton, states that Chinese guerrillas are active immediately outside the city walls. Chinese troops, north of Canton, are in possession of Tunghua.

EXPULSION OF SAITO FROM DIET APPROVED BY LARGE MAJORITY IN THE LOWER HOUSE

TOKYO, MAR. 7 (REUTER)—THE EXPULSION FROM THE DIET OF MR. TAKAO SAITO, veteran member of the Minseitō Party, who, on Feb. 2, criticised the conduct and expressed aims of Japan's war in China, was approved by a large majority in the Lower House this evening.

AN OPEN BALLOT WAS TAKEN AFTER THE HOUSE HAD HELD A PRIVATE SESSION TO HEAR A LENGTHY REPORT BY THE CHAIRMAN OF THE DISCIPLINARY COMMITTEE ADVOCATING EXPULSION.

Mr. Saito's expulsion ends the thirty-five days' strenuous dispute between various political parties.

Differences of opinion over the course which should be taken against Mr. Saito led to a violent split in the Minseitō Party, of which he was formerly a member, and also in the Kihara Group of the Seiyukai Party, many of whom strongly opposed the expulsion.

The decision to enforce expulsion was finally based on the contention that Mr. Saito's speech was incompatible to the true aims of the hostilities in China.

FAMOUS FLOWER MARKET RUINED

PEIPING, Mar. 7 (Reuter)—Practically the whole of Peiping's famous flower market, well-known to tourists and situated just outside the Hatamen Gate, was destroyed by fire this morning.

More than fifty shops were gutted.

The fire started in a dry goods store at 8 a.m. and lasted until 1 p.m.

The inefficiency of the local telephone system is said to have been one of the reasons for the extensive damage.

It is reported that it took an hour for the call to get through to the fire brigade.

DEATH OF GEN. SIR HAMILTON BOWER, K.C.B.

LONDON, Mar. 7 (Reuter)—Major-General Sir Hamilton Bower, K.C.B., who was Commandant of the Peking Legation Guard from 1901 to 1906, died here today at the age of 82 years.

Son of Admiral J. Paterson Bower, Sir Hamilton entered the Army in 1880 and became a Major in the Indian Army in 1900 and Lieut.-Col. in 1906.

Sir Hamilton Bower served in the expedition to Dongola in 1896, China in 1900 and Abor expedition in 1912, in which year he was knighted.

He was awarded the Founder's Medal of the Royal Geographical Society for explorations in Tibet. He wrote 'Diary of a Journey across Tibet.'

Mexican Plane In Crash

SPECIAL TO H.K. Daily Press

MEXICO CITY, Mar. 7 (Havas)—A Mexican passenger plane, believed to have been lost between Minatitlan and Tuxtla yesterday, was found today at Sierra San Martin.

The pilot managed to make a landing saving the lives of the crew of four and six passengers. The assistant pilot and one passenger were killed when the plane crashed into a clump of trees.

YET ANOTHER POLITICAL MURDER IN SHANGHAI

SHANGHAI, Mar. 7 (Reuter)—What is believed to be another political murder occurred yesterday in an International Settlement street when Chang Li-seng, 52, of the Greater Shanghai Radio Station, was mortally wounded by two bullets in the chest.

In the general confusion, the gunman made good his escape.

One Of Most Extensive Observation Flights During War

LONDON, Mar. 7 (Reuter)—It is learned that the R.A.F. flights on Mar. 5 were one of the most extensive series of observation flights during the war, covering an aggregate of over 10,000 miles.

All the British aircraft returned safely despite heavy anti-aircraft fire and searchlights encountered by some of the formations. A heavy barrage of anti-aircraft gunfire over Bremen and bursts of orange coloured flame marked the course of one machine as it flew high over the city.

CONVERGING BEAMS

Near Cuxhaven, a battery of between 20 and 30 searchlights came into operation but the pilots were able to evade them. Beams of bluish light probed the sky and on two occasions, the raiders were held in converging beams for nearly half-a-minute.

The crew of a plane attacked by guns over Bremen saw two planes flying with navigation lights at a height of 10,000 feet over Helgoland Bight but the planes did not attack them.

Besides the towns already mentioned, the flights covered Hanover and Hamburg.

RECONNAISSANCE OVER N.W. GERMANY

LONDON, Mar. 7 (Reuter)—The Air Ministry announces that during last night and the preceding night the R.A.F. carried out extensive reconnaissance flights over important towns in north-west Germany and over the enemy naval base at Wilhelmshaven.

HANNIBAL SEARCH ABANDONED

CALCUTTA, Mar. 7 (Reuter)—The Royal Air Force search for the missing Imperial Airways airliner Hannibal has been abandoned. There were eight people aboard the flyingboat.

The wreck of the Hannibal was located on Mar. 4 off the coast of Iran but there was no trace of the passengers or crew on board. Other wreckage washed ashore off Ras-el-Khaima was identified as the main plane of the Hannibal.

CONSOLATION, EVENTS PREDOMINATE AT TOMORROW'S FIRST EXTRA RACE MEETING

(BY "LAST QUARTER")

The First Extra Race Meeting of the Hongkong Jockey Club which takes place tomorrow afternoon will consist of nine events, comprised mostly of consolation races for ponies that have not met with any material success at the recently concluded Annual Race Meeting.

Judging from the entries published, the majority of events will not produce more than medium sized fields, but with the allotment of handicap weights and the improved condition of certain of the contestants, punters may look forward to some keen and interesting racing.

THE HAY AND CORN STAKES

This sprint race for Novice Jockeys looks a good thing for Rose Evelyn, who will be under the guidance of Mr. Trevorton. This roan is inclined to balk at times at the starting gate but barring an exceptionally poor start, I believe the others are not up to the standard of this 1936 champion sub.

Celtic Star is another probable starter that will have to be considered though I expect this pony will find the distance a trifle too short and consequently may prove disappointing. Portrush, West Lake and Golden Cow should fight out for the remaining position, though the first named, on recent performances, should show up best. Two other ponies that should come in for a fair measure of support are Wilber and Radium Star.

LOITERERS STAKES

This six furlong sprint for geldings of the year will result in quite a struggle between Dupont Bay and White Diamond. Despite the fact that the Dunbar candidate is fast off the mark, this brown does not seem to respond too well when challenged in the last quarter.

Close Games In Colony Tennis

BUT RUMJAHNS WIN EASILY

Many close games were seen when the Colony Tennis Championships were continued yesterday, and in many instances play ran into three sets.

In the Open Singles, H. D. Rumjahn, Colony champion in 1937, took things easy against Firdos Khan whom he defeated 6-1, 6-1. The veteran S. A. Rumjahn, who first came into prominence in local tennis in 1924 when he just missed winning the championship, disposed of B. C. Fay with equal ease the score being 6-1, 6-4.

S. A. Rumjahn won the Colony singles title in 1927, 1932, 1933 and 1935. He was runner-up in 1926, 1928, 1929 and 1937.

The Open Doubles game between J. Gonsalves and A. V. Remedios and Ng Kam-chuen and Tsol Ping-fan attracted considerable interest but the game failed to produce play of a very high standard. The Chinese pair started well and won the first set after 18 games. They lost the next 6-4 and finally cracked up in the last set to lose 6-1.

OPEN SINGLES

Tennie Kwok beat I. M. A. Razack 7-5, 5-7, 7-5.

Tsui Wal-pui beat I. Agafuroff 6-2, 6-4.

H. D. Rumjahn beat Firdos Khan 6-1, 6-1.

S. A. Rumjahn beat B. C. Fay 6-1, 6-4.

OPEN DOUBLES

J. Gonsalves and A. V. Remedios beat Ng Kam-chuen and Tsol Ping-fan 8-10, 6-4, 6-1.

Gonsalves and Remedios will meet Paul Kong and Bick Szeto in the third round.

CLUB SINGLES

S. M. Garrard beat T. A. Pearce 6-8, 6-4, 6-4.

"The Lion Has Wings" Today At The King's

"The Lion Has Wings" will be screened today at the King's Theatre. As a preparedness report to its citizens, this British production combines documentary technique with patriotic fiction. It depicts the activities of the Royal Air Force in the war. The enemy is called by his true name and the story, as it actually occurred, happened only a few months ago with a British raid on the Kiel Canal.

That is the highlight. There are other interesting sequences such as the control headquarters where repelling combat is plotted, organized and dispatched.

The Government lent its offices to the filming of the story. In the chief roles, as the man and wife whose lives are closely touched by war events, are Merle Oberon and Ralph Richardson.

Two Rhodes Scholarships Annually For India: High Standard Of Qualifications

LONDON, MAR. 7 (REUTER).—REUTER HAS BEEN INFORMED THAT THE RHODES TRUSTEES HAVE DECIDED TO FOUND TWO RHODES SCHOLARSHIPS ANNUALLY FOR INDIA. Rhodes Scholarships are annual and valued at £400 and tenable at Oxford University.

With one or two exceptions, they are awarded to young men who have been educated at universities in the British Dominions and in the United States.

HIGH STANDARD

Cecil Rhodes laid down in his will that, in the election of a scholar, special regard should be paid to his scholastic attainments; his fondness for manly outdoor sports, his qualities of manhood, truth, courage, devotion to duty, unselfishness, sympathy for the weak and his powers of leadership.

The Rhodes Trustees are confident that candidates fully up to the high standard set by previous Rhodes scholars will be forthcoming from India and they have been assured that Indian Rhodes scholars will be welcomed at Oxford.

These scholarships are founded for an initial period of five years, after which they will come into residence at Oxford after the end of the war.

FAIR START

The 'Times', commenting on the foregoing, points out that deferment of operation of the scheme until the end of the war strengthens the intention to give the experiment a fair start.

The Rhodes scholarship system is at present almost in abeyance, owing to transport difficulties, claims of military service and reluctance of the United States to allow their citizens to enter belligerent countries; moreover, it cannot be said that the University, as a whole, is living under normal conditions.

Meanwhile, there will be time to settle the various details which have been worked out in other parts of the Empire and to ensure that the great departure is successful from the outset.

CHINESE ART COMMITTEE

CHUNGKING, March 7 (Central).—A Chinese Art Committee has been formed in Shanghai for the purpose of arousing American interest in Chinese art and culture, says a Shanghai report. Dr. Alfred Sze, former Chinese Ambassador to the United States, is honorary chairman and Mr. Judean Arnold, U.S. commercial attaché in China, is chairman.

The Committee will hold exhibitions of Chinese art objects in clubs, libraries and museums in America.

ACCURACY OF NAZI BOMBING ACCIDENTAL

NEW YORK, Mar. 7 (Reuter).—Judge Outcault, an officer in the United States Air Reserve Corps, lecturing in Cincinnati on advances in aircraft, declared that the accurate bombings by the Germans were purely accidental.

He described the bomb sights used in German war planes and said that American planes alone had accurate bomb sights and this had made it possible to aim a bomb accurately from a height up to 30,000 feet.

Dutch Submarine Disaster

THREE MEN STILL TRAPPED

AMSTERDAM, Mar. 7 (Reuter).—Three members of the crew are still trapped in the Dutch submarine which was rammed by a tug at the naval base of Den Helder.

Last night, divers and other rescuers worked desperately to reach the men who may not have enough air for more than 24 hours.

LIFTING OPERATIONS

Three tugs faced up the coast from Amsterdam in the afternoon to assist in lifting the hull of the submarine to release the trapped men. There were about 30 men on board at the time of the disaster.

The tugs worked all day trying to get the submarine's nose out of the mud, but at nightfall they still had not succeeded. This is the first accident in Holland's 50 years of submarine history.

ITALIAN LINER TAKES GOLD TO U.S.A.

ROME, Mar. 7 (Reuter).—The 51,000-ton Italian liner Rex sailed from here on Tuesday afternoon for New York. In addition to six-hundred passengers, she carried a quantity of gold from the Dutch Government as payment to the United States for purchases received.

NEW BATTLESHIP FOR FRANCE

PARIS, Mar. 7 (Reuter).—The second of France's two new 35,000-ton battleships has been launched. She will be equipped with eight fifteen-inch guns, fifteen six-inch guns and powerful anti-aircraft defences.

SOVIET APOLOGY TO SWEDEN

STOCKHOLM, Mar. 7 (Reuter).—The Soviet Government has apologized for the bombing of the Swedish town of Pajala last month.

The Soviet note says that two Russian pilots lost their bearings. The note does not mention the compensation claimed by the Swedish Government.

MORE CLOTHES FOR NAZI YOUTHS

BERLIN, Mar. 7 (Reuter).—Youths from fifteen to seventeen will be granted extra ration cards for clothes. It is explained that at this age, they normally require more clothes than adults.

LEGISLATIVE COUNCIL UNANIMOUSLY APPROVES WAR REVENUE COMMITTEE'S TAXATION REPORT

Plans For Disposal Of Proceeds Of Tax To Be Made Public Soon

The Legislative Council, which met yesterday, with His Excellency the Governor, Sir Geoffrey Northcote, presiding, unanimously approved the Report of the War Revenue Committee, appointed some time ago, to consider forms of taxation to secure a special contribution to the Imperial Government for war purposes.

The Committee recommended the imposition of a Salaries Tax, a Business Profits Tax, a Corporation Profits Tax and a Property Tax.

In rising to move the approval of the report, the Colonial Secretary, the Hon. Mr. N. L. Smith, said:—

The report in question has today been laid on the table of this Council, but, in view of the urgency of the situation, it has already, three weeks ago, been circulated to honourable members and, a day later, released to the Press; and the Government welcomes the generally favourable reception which it received from the public.

It will be observed that today's agenda does not include legislative action on the lines indicated in the appendix to the report but it is, I understand, Your Excellency's intention that the Bill in question, with a few modifications, should be introduced in this Council at an early date.

It must, therefore, be clear that the approval of the report, which I shall shortly propose, will in no way preclude or prejudice the ordinary rights of debate when the Bill comes before the Council.

GOVERNMENT'S THANKS

I should like to take this opportunity of expressing the thanks of the Government, and I think I may say of the whole Colony, to all the members of the committee who signed the Report for the time they gave to their arduous task and for the patience with which, from a mass of conflicting views and opinions, they arrived at a conclusion that was virtually unanimous.

I have Your Excellency's authority to add that the intentions of Government for the disposal of the proceeds of the War Revenue Tax will be made public in detail as soon after the acceptance of this motion by the Council as is possible.

THREE FORMS

At the present time I can say no more than that they will be devoted to three forms of expenditure; these will be:—

FIRST, to cover the net cost of their own collection;
SECONDLY, to defray the abnormal expenditure forced on this Colony by the war with Germany; and

THIRDLY, to make a substantial gift to His Majesty's Government towards the prosecution of that war.

That contribution is expected principally to take the form of locally built vessels to be presented to the Royal Navy.

Investigations into the cost of the two former and the most suitable types of craft for the last are already far advanced, but for obvious reasons this would not be the moment for their announcement even were they complete.

I wish to express the hope and the belief that this motion will be accepted unanimously by the Honourable Members of this Council and that that acceptance may be taken also as general approval of the subsequent course of Government action which I have just outlined.

APPROVAL BY UNOFFICIALS

The Senior Unofficial Member, the Hon. Sir Henry Pollock, said:—Your Excellency—the Unofficial Members of this Council are unanimously in favour of a substantial annual war gift for the defence of the Empire being made by this Colony, and they agree that, for the duration of the war, taxation for that purpose shall be imposed upon the lines which are embodied in the War Revenue Bill, to the framing of which the War Revenue Committee has devoted much time and thought.

Sir Henry Pollock's words were greeted with general applause.

His Excellency the Governor said that when the Council met again on March 14 it was hoped to move the first reading of the Bill to implement the motion which was

carried yesterday in respect of war revenue.

"At the same time," said His Excellency, "I hope and believe that it will be possible to make a clear statement of the Government's intention with regard to the expenditure, so far as the gift to His Majesty's Government is concerned, with such details as are possible regarding figures, and I also hope it will be possible to pass a resolution on that day voting a certain sum of money for the purpose."

FISHERIES RESEARCH

In moving that the Council gratefully accept a free grant of £8,000 from the Colonial Development Fund for the purpose of the establishment in the Colony of a Fisheries Research Station, the Colonial Secretary said:—

On September 24, 1938, this Government requested the Secretary of State for the Colonies to make formal application on its behalf to the Colonial Development Advisory Committee for a grant to cover the capital cost of the establishment in the Colony of a Fisheries Station and Experimental Aquarium.

In February, 1939, the Secretary of State replied that the Colonial Development Advisory Committee had recommended, and the Lords Commissioners of the Treasury had approved, that a free grant not exceeding £10,000 from the Colonial Development Fund should be paid to this Government to meet the cost of the proposed Station.

AN ENQUIRY

On the outbreak of war an enquiry was addressed to the Secretary of State asking whether, in view of the necessity for the conservation of Government funds for the effective prosecution of the war, the proposed grant might still be expected to be available.

The Secretary of State suggested in reply that the original application should be restricted so as to exclude the aquarium section of the scheme, at any rate for the duration of the war.

It was considered, however, that it was highly desirable that the Fisheries Station should be constructed from the outset as a complete unit, and further, that the aquarium section was an essential component of the project as a whole.

REDUCED GRANT

The Finance Committee of this Council was thereupon consulted and agreed that the cost of the

ANNUAL REPORT OF OFFICIAL RECEIVER

According to the annual report for 1939 of the Official Receiver and Registrar of Trade Marks and Patents, tabled in the Legislative Council yesterday afternoon, the Colony had fewer bankruptcies last year.

Three receiving orders were issued during the year, the estimated liabilities totalling \$188,930. Estimated assets, totalling \$186,500, almost covered liabilities. In 1938, five orders were issued, estimated assets (\$6,106) being less than one-third of estimated liabilities (\$22,688).

EIGHT PETITIONS

Eight petitions in bankruptcy were presented during the year, five by creditors and three by debtors. Of these two were dismissed, one was adjourned, two were withdrawn and in the remaining three cases Receiving Orders were made. In 1938 there were ten petitions.

The failures in 1939 included one battery manufacturing company, one import and export firm, one toilet shop, one grocery, one junk owner, one tailor shop and an employee of a commercial firm. No applications for discharge by bankrupts were presented.

REPORT OF DAYLIGHT SAVING COMMITTEE

The report of the Daylight Saving Committee was tabled in the Legislative Council yesterday afternoon.

The Committee points out that Hongkong has already, in fact, a measure of daylight saving, standard time being 23 minutes in advance of the time which should be observed.

The Committee considers that no useful purpose would be served within the terms of reference by further extending daylight saving in Hongkong, for the simple reason that there is little or no daylight to save.

The question of further time for recreation in the evening, besides not falling within the terms of reference, could be answered by an adjustment of office hours.

The Committee does not believe it advisable in present circumstances to recommend the limitation by statute of hours of employment in factories.

CLOSURE OF SHOPS

"We recommend, however, largely as a social measure, that shops with certain exceptions should be closed for the purposes of retail trade or business at 8 o'clock every evening."

"In view of the strong views held on the subject by the Chinese members of our Committee, we do not make any recommendation regarding half-day or whole-day closing on Sunday. Our Chinese members were also of opinion that for the majority of the population who live a hand-to-mouth existence the need to purchase foodstuffs ahead would cause hardship," the report states.

"We have, through our Chinese members, and the Hon. Secretary for Chinese Affairs, sounded shopkeepers on the subject of closing at 8 p.m., and we understand that this will be acceptable to the majority, and that there is no danger either of appreciable loss of trade or of reduction in the wages of workers."

"The Hon. Commissioner of Police has represented to us that such regulation may be difficult to enforce, but we consider that its acceptability to the majority will cause shopkeepers themselves to see its observance."

The report is signed by Messrs. H. R. Butters, D. Kelyin-Stark, C. W. Jeffries, T. N. Chau, M. F. Key, J. Finnie, H. Y. Tso and R. A. Camidge.

RISE WITH SUN

An appendix refers more fully to the subject of daylight saving. From a daylight saving point of view, it points out, the ideal is for all workers to rise with the sun and to retire as soon after the setting of the sun as is convenient. An extra half-hour for daylight recreation would not benefit the community as a whole. In Hongkong there are few open spaces and recreation grounds, and most of these are some distance from the centre of the city.

The use of a time by Hongkong different from that of Canton, the Coast Ports, Shanghai and the Philippines would cause some inconvenience to transport corporations, bankers, merchants, and the cable and wireless companies. If the alteration is made in perpetuity the inconvenience will not be of much moment. The inconvenience will be accentuated if the time is changed by less than one hour, and much accentuated if the change is made for a part of the year only.

NOLLE PROSEQUI ENTERED IN PARKINSON CASE

On the entry of a nolle prosequi by the Attorney General, the charge of manslaughter against Lt. T. Parkinson, Quartermaster of the H.K.V.D.C., who was recently committed for trial by Mr. E. Edwards, at the Central Court, has been dropped.

It is held that Lt. Parkinson has no case to answer and that there is insufficient evidence to justify placing the case before a jury.

Mr. Wu Chi-ting, well-known banker and financier, who was abducted allegedly by Wang Ching-wei's agents last month, was released on March 2, according to a Shanghai report.

MANILA HAT SHOP SUED

COUNTER-CLAIM ALSO BROUGHT

The Manila Hat Shop figured in a claim for \$2,000 under a promissory note and a counter-claim for \$10,000 damages, which was heard by the Chief Justice, Sir Atholl MacGregor in the Supreme Court yesterday.

The claim was brought by Henry Chiu, of No. 35, Kimberley Road, against Kavarana Hormusjee Kavarana, trading under the name of the Manila Hat Shop, and Haroon Moosa Cassim, proprietor of the Drapery Emporium. The first defendant was sued as the drawer of the note and the second as the guarantor.

Mr. Percy Chen, instructed by Mr. Alfred A. S. K. Lau, appeared for the plaintiff while the defendants appeared in person.

20 INSTALLMENTS

Mr. Chen said that the promissory note was signed on Aug. 16 last in connexion with the transfer of the business known as the Manila Hat Shop. The money was to be repaid in 20 instalments of \$100 each. Writ was issued six days after the first instalment fell due, as no payment had been made. The due date was Sept. 15.

Counter-claiming \$10,000 for damages, alleging that plaintiff had prevented him from doing business by telling Mr. Lim, of the Chinese Bazaar, not to do business with him, the first defendant also alleged that plaintiff had failed to render him an account after he had taken over the business.

Second defendant pleaded novation, saying that as the terms of the agreement had been altered he was exempted from the guarantee.

The hearing was adjourned sine die for Kavarana to call Mr. Lim and to file his affidavit and all the necessary documents within 14 days.

GERMAN SEA STRATEGY

IT IS BECOMING increasingly evident that Germany took to heart and is acting on many lessons learned during the World War, one of which concerns the activities of its navy.

IN THE LAST WAR the German Navy conceded its inferior strength and avoided action with the enemy, except on advantageous terms and in the vicinity of its own bases. During the war, was an accidental meeting.

THE GERMAN NAVAL STRATEGY was to preserve the strength of its fleet and attempt to reduce that of Britain by means of mines and submarines.

THE GERMAN RECOGNIZED that the morale of their fleet would suffer from inaction, and in an effort to bolster this essential factor, conducted occasional raids and forays during the first 18 months of the war.

FROM THEN ON, the German fleet became little more than a training squadron for the rapidly expanding submarine force. The best men entered the submarine service and the morale of the fleet went down to such an extent that a mutiny resulted when a last desperate attempt to break the strangling British blockade.

THE HISTORY of the Austrian Navy was much the same. Too weak to operate outside of the Adriatic, its strategy was to preserve its strength to oppose the Italian Navy should favourable conditions arise. Inaction proved to be its downfall even earlier than that of the German Navy.

AUSTRIAN AND TURKISH ports, however, provided bases for German submarines, from which they operated throughout the Mediterranean with deadly effect.

FROM THE BEGINNING of the present war, it has been apparent that the German naval strategy has been to counter the British blockade by offensive measures and push it out of the North Sea and as far west as possible. And at the same time, to disrupt Britain's vital sea communications.

THE GERMAN NAVY entered this war with a fleet that was too weak to oppose effectively Britain's might by conventional means, but which is strong enough, when supported by Germany's air force, to give concern to British blockading forces in the North Sea.

IT IS EVIDENT that from the day war was declared, the German Navy has definitely been on the offensive. The outbreak of the war found German submarines in position to begin operations, and before effective counter-measures could be put in to use, a considerable tonnage of Allied shipping had been destroyed.

WE CAN BE CERTAIN that many German submarines have been accounted for since the hunt for them swung into full cry, but their activities, although greatly decreased, have not ceased. And we can also be certain that more and larger submarines are under construction, and will, in time, begin to make trouble in areas where they cannot be readily hunted.

DORADO IN ACCIDENT

R.M.A. Dorado was damaged on Wednesday when taking off from Udon. Nobody was injured and a relief plane left Hongkong yesterday morning.

The passengers were Mrs. Wentworth-Reeve and Mrs. Lock, and the crew Captain Dykes and First Officer Harvey.

INWARD PLANE DELAYED. The Imperial Airways plane due to arrive at Kai Tak yesterday has been delayed and will arrive today.

ARRIVALS BY CLIPPER

Mr. Wallace Kirkland, a photographer for Life Magazine, who is proceeding to Bombay, India, on a special assignment, was among the arrivals at Kai Tak yesterday by Pan-American Clipper from Honolulu. Another arrival from Honolulu was Mr. hunter Bush.

Arrivals from Manila were Mr. Albert F. Barretto jr. Miss Nieves V. Barretto, Miss Angela de la Vega, Mr. Frederick Bartenstein, Mr. Harold E. Hertz Col. Frank Hodoll and Mr. Lawrence W. Enos.

and manned by men who are thoroughly imbued with the spirit of the offensive, otherwise the daring and successful attacks on the Courageous and Royal Oak, together with other rumoured attacks on men-of-war at supposedly protected anchorages, would never have been attempted.

IT APPEARS that the Germans are making every effort to score successes on the British Navy, so unexpected, and so difficult to explain, that doubt about its efficiency will be raised at home as well as abroad. This is well devised strategy, for British morale is inextricably connected with Britain's belief in the invincibility of its navy—a well-tried bulwark for 350 years.

THE MYSTERIOUS APPEARANCES of German pocket-battleships in widely separated areas is perhaps a prelude to another phase of German naval strategy. The movements of these ships may perhaps be what amounts to reconnaissance in force, to determine the possibilities for a sudden and wide-ranged series of simultaneously conducted raids on Britain's sea communications. The ability of the pocket-battleships to appear, strike, and disappear, must be very disconcerting to the British Navy.

THE MUCH-TALKED-OF MINE OFFENSIVE may be merely an interlude conceived by the Germans, to distract attention and dissipate effort while other and more annoying measures are being prepared. Moreover, this form of attack affords convincing proof that German resourcefulness must not be underestimated. All of the mines could scarcely have been planted by the planes, so the Germans have built or converted submarines for laying mines.

IT IS INTERESTING to note that in the last war, the German Navy was assigned a role secondary to that of the German Army, while in this war the assignments are reversed, with the huge and much advertised army and airforce employed defensively. It remains to be seen what will be the effect of inactivity on their morale.

SO FAR, German naval strategy has not included operations in the Mediterranean. In the last war, even with bases available to them in that area, German submarines did not begin operations in the Mediterranean for some time. However, until the Germans complete longer range submarines or some now unforeseen change in the already complex maze of European politics affords them bases in the Mediterranean, that sea should be closed to them. In any event, the Strait of Gibraltar is not a submarine paradise, and many of them had uncomfortable experiences in that vicinity during the last war—Christian Science Monitor.

LONDON, Mar. 7 (Reuter)—It is learned yesterday that the oil tanker Charles Meyer (10,000 tons) was attacked in the English Channel on Monday night. It is stated that the crew abandoned ship.

Two lifeboats searched for the men without success. Naval vessels and other ships answered the S.O.S. sent out by the tanker.

The plane sighted the mines and reported their position by wireless and flying over the ship flashed a warning by lamp and also dropped coloured lights in the sea immediately ahead of the ship which, however, continued on her course.

The position became so desperate that the pilot of the plane was compelled to fire his machine-gun across the ship's bows, which then swung hard to port, away from danger.

Better For European Peace

BUDAPEST, Mar. 7 (Reuter)—Count Csaky, the Hungarian Foreign Minister commenting on the Allied peace aims, in a speech last night, said it would be better for the security of European peace if the Czechoslovakian State was never revived.

The motion expressed regret that, acting without the authority of the League Council, regulations controlling the transfer of land were issued which discriminated unjustly against one section of the inhabitants in Palestine.

Mr. Noel Baker, moving the resolution, recalled that the Opposition had held last May that the Secretary of State's White Paper of May 17 was inconsistent with the Palestine Mandate.

GOVERNMENT REPLY

Mr. Malcolm MacDonald assured the House that if it had been possible to maintain a firm and healthy peace in Palestine by a policy of mastery inactivity, he would have shown himself a ready master at doing nothing at all. He contended that the control of land sales had become an essential part of the obligations to carry out the mandate.

"Our whole problem in Palestine is to hold the scale even and fairly between the Jewish and Arab claims which is not an easy task but extremely difficult," he said.

"It is not quite so grateful," he said, "as I had hoped that Palestine would be an ally of his. He has been profoundly disappointed."

Mr. MacDonald concluded that under the benevolence and powerful protection of Great Britain, a Jewish National Home had been established in Palestine.

It will stay there. It will grow there and it will prosper there.

BETRAYAL OF JEWS

Sir Archibald Sinclair, Leader of the Liberal Opposition, following Mr. Noel Baker, declared that the proposals represented a betrayal of the Jews and asserted that the Government gave a pledge, that the Council of the League would be consulted, and that if the Council was of the opinion that the White Paper was inconsistent with the mandate, the Government would consult Parliament before attempting to put the White Paper into operation.

Capt. V. A. Cazalet, the Conservative Member, declared that the regulations would frustrate the only real hope of permanent co-operation between the Jew and the Arab.

On the other hand, the Labourite, Mr. R. R. Stokes, who recently returned from a visit to Palestine, and the Near East, supported the Government.

Government Contracts

PAYMENT OF COMMISSIONS ILLEGAL

LONDON, Mar. 7 (Reuter)—The question of offering commissions for Government contracts was raised in the House of Commons yesterday, when the Attorney-General, Sir Donald Somervell, was asked if he would consider introducing legislation making it illegal to offer any consideration, by way of commissions or otherwise, for granting or procuring Government contracts.

TEMPORARY CHECK

The Attorney-General was also asked if he would, in the meantime, as a temporary check, notify all Government contractors that proof of any arrangement entered into for payment of commissions by any firm of Government contractors to any agent, in connection with the procuring of any contract with the Government, would preclude the giving of any further contracts to such a firm.

Replying, Sir Donald Somervell said that Government agreed that the law required strengthening in order to prevent undesirable practices of the kind referred to in the question and were proposing to make a regulation for that purpose.

AN INVESTIGATION

"In the meantime, it cannot be too widely known that there is no occasion to pay commission to anybody in respect of procuring of Government contract and the circumstances of certain cases, to which the attention of Government has been called, are being investigated."

"STUTTGART TRAITORS"

DEATH SENTENCE BY TRIBUNAL

PARIS, Mar. 7 (Havas)—A military tribunal has sentenced to death, by default, Paul Ferdinand and Charles Obrecht, the two French announcers of the Stuttgart Radio Station, and commonly known in France as the "Stuttgart traitors."

NEWS AGENCIES

Ferdinand started two news agencies in Berlin in 1928 which did no business, but spent enormous sums of money. About 1934 he founded a news agency in Paris called the "Prima Agency" and in 1936, being penniless, he approached Dr. Schmoll, Chief of German Propaganda in the German Embassy here, who gave him money.

Later, in similar circumstances, he received money from an Italian correspondent, of an important Italian newspaper in Berlin.

WORKED FOR REICH

Obrecht had been a non-commissioned officer and had volunteered in the last war, after which he was imprisoned for theft, swindling and forgery. He was also in the film industry in Germany and finally entered the Reich's service early after the commencement of the present war.

Search Of U.S. Mail At Bermuda

BLUNDER CHARGE REFUTED

LONDON, Mar. 7 (Reuter)—Mr. George Strauss asked the Prime Minister, in the House of Commons yesterday, whether in view of the great indignation in the United States over the search of the Pan-American Clipper in Bermuda on Jan. 18, he could make a statement on the matter?

BELLIGERENT RIGHTS

Mr. R. A. Butler, Under Secretary for Foreign Affairs, replied that under international law, a belligerent was at liberty to examine any mail, whether neutral or belligerent, which was brought voluntarily within its jurisdiction. The British Government, he decided to exercise this right at Bermuda from Jan. 18, in respect of east-bound mails carried by the Pan-American Atlantic Service.

Mr. Strauss asked whether it was a fact that, as a result of the British Government's action, there had been great indignation in the American public; that the service no longer stops at Bermuda and, in view of those facts, was not the action of the British Government a serious blunder?

Mr. Butler said he did not accept that at all. The British Government's action was correct and, moreover was justified by what was discovered in the mail.

Russian Advance On Viborg Held Up Mines Strewn Area

HELSINGFORS, Mar. 7 (Reuter)—The Finns have strewn with mines the area along which the Russians must advance to take over the ruins of Viborg and a mass Soviet attack on Tuesday failed completely thanks to these mines and intelligently placed Finnish machine-gun and light artillery outposts.

The Russians are expected to make another drive today with fresh material.

North of Lake Ladoga, the Finns are holding up another Russian concentration. The exact number of Russians massed here is not known, but the Finns have captured men from six divisions and six Soviet divisions is around 130,000 men.

The Soviet High Command is expected, therefore, to give an order soon for another large-scale offensive north of the Mannerheim Line.

Mr. R. A. Butler Replies To Queries On Far East

Mr. R. A. Butler, Under-Secretary for Foreign Affairs, was given a busy time in the House of Commons on Wednesday answering a series of questions on matters pertaining to China and the Far East, with particular reference to British interests in the regions under Japanese occupation.

British trade, payment of bond holders in the Shanghai-Nanking Railway, the Tientsin silver issue, disorder in Shanghai and anti-British activities were involved in the questions asked, replies to most of which were, more or less, of a non-committal nature.

British Trade:
LONDON, Mar. 7 (Reuter)—In the House of Commons yesterday, Sir John Wardlaw-Milne (Con.) asked whether the Prime Minister had received any recent report on British export trade to those parts of China under Japanese occupation and if he was aware that only such goods as cannot be supplied by Japanese industry are allowed to enter Northern and Central China regions.

The Under-Secretary for Foreign Affairs, Mr. R. A. Butler, replied in the affirmative and added that these reports indicated a decline in United Kingdom exports to China since 1937.

Shanghai-Nanking Rly.:
Sir John Wardlaw-Milne enquired what had been the result of the Prime Minister's representations to the Japanese Government on their continued failure to secure payment for British bond-holders in the Shanghai-Nanking Railway, in spite of the excellent business being done by the railway, which had been under Japanese control for two years.

Mr. Butler replied that Sir Robert Craigie was pressing the Japanese Government for a reply to these representations.

Sir John Wardlaw-Milne said that in pressing the Japanese Government to fulfil their obligations, he took it that it was quite clear in the minds of the British Government that funds were available. Mr. Butler replied that that raised a rather broad and complicated question, but he thought Sir John Wardlaw-Milne was, on the whole, right.

Tientsin Silver:
Asked what was the present position as regards the stocks of Chinese silver lying in the British Concession in Tientsin, Mr. Butler said that the position remained unchanged.

Sir John Wardlaw-Milne asked whether, in the negotiations now proceeding, it was quite clear that the silver would not be given up without the consent of the Chinese Government?

Mr. Butler replied that their object was to find a solution that would prove acceptable to all parties concerned and of course, the Chinese Government was a very important party.

Disorder In Shanghai:
Mr. R. A. Butler, replying to Mr. Robert Morgan (Con.) said that the Prime Minister's undertaking to press the Japanese Government to get on with the work of establishing order in China did not indicate any change in the policy of the British Government towards the Sino-Japanese war, nor approval of Japanese aggression.

It referred to the suppression of gambling houses and similar establishments in the western area of Shanghai.

Anti-British Activity:
Mr. Butler, replying to a further question, said that Lord Halifax was aware that anti-British activities continued in parts of North China. Repeated representations had been made to the Japanese Government about the failure of the local authorities to suppress such manifestations.

The British Government was pursuing the matter.

COLOURS FOR SPRING! This is the thought associated with the season—and particularly in present times, when colours and bright flowers give relief from war boredom.

Gay and bright colours are, therefore, the essentials for spring fashions. And Hongkong's millinery establishments and fashion houses are "all set" for the show—brightness in tone marking all their displays. Let's take a brief glance at what they have to offer.

Artificial Flowers:

At Lane, Crawford's Ladies' Salon colours, smiles, a gay welcome to everyone from the widest choice of artificial flowers, bright nosegays and sprays. A truly cheerful display this. The neatness with which these artificial blooms have been blended together, to bring out harmony in shades, is beyond description, but that they achieve their object in lending delicacy and attractiveness to spring frocks cannot be doubted. Particularly noteworthy are those for the bridal corsage. And then there are the feather ornaments, which spell out distinctiveness for the well dressed, in a variety of shapes and designs for hats and lapels. Altogether a really bright and attractive display. New Shipment:

Their new shipment has arrived and Mayo's, in the Arcade, have every reason to be proud, of the goods. The very latest styles in spring and summer hats—each with its own particular allure and chic, each with its special attractiveness in twist and turn and trimmings—beckon cheerfully to their customers, and, at the prices, they will not have long to wait before they adorn or sit jauntily on dainty heads. Mayo's have also received a large assortment in really pleasing styles of afternoon wear in the choicest of shades and designs. Get There Early:

The "early bird" saying might well be borne in mind by those who intend visiting Rivelle, in the Arcade, for unless they get there early, they will lose the opportunity of getting the best of her latest models for spring and summer. Rivelle's knack in having "just the thing" to suit any taste is remarkable. Her selection of evening gowns is just too perfect in charm, while the wide range of hats she has to offer cannot but please for their smartness.

The vogue in colour photography is certainly spreading since Studio de Luxe opened its doors in Pedder

CHANGES In Fashions

ALL THE NEWEST DINNER AND DANCE DRESSES are decorative, flirtatious, and frolicsome, and have an indefinable air of fragility, together with a flattering silhouette. Femininity is achieved with flounces, full swirling skirts, fitted bodices, short-puffed or long shirred sleeves, wasp waists, ribbons, beading, fluting, and ruffles.

WHITE AND BLACK are definitely to be counted, and candy tints take a second place. Lace trimming and embroidery is everywhere, on dresses as well as on petticoats and slips.

Piquantly Full

ALL THE SMARTEST, and newest clothes have piquantly full skirts, accentuated waistlines, demure necklines and exceedingly brief sleeves.

Flowers, which have been used so successfully for so many years, are still to the fore and are abundant in trimming and accessories. Wreaths for the hair, immense bunches of blossoms, wristlets, arm-bouquets, all show new treatment in placing and color.

Feathers & Tulle

COQ FEATHERS the color of the rainbow sometimes top the new tulle frocks. There are feathers in blue, red and green to trim tulle dresses and cocktail suits, with slim skirts have ruffled lace, hems and waist-length double-breasted jackets. Many of these suits will be worn for formal evening occasions.

Bridal Gowns

BRIDAL DRESSES are in traditional white, in dawn pink, deep plum blue, or pale yellow, with bridesmaids also in pastel tripping after the bride. Full, wide skirts to make tiny waists appear even more slender, and all the shashes, ruffled lace, tucks and tulle for ever associated with bridal pageants, mark the newest wedding creations.

Building Colour photography in the past has not been popular for portraits—there was an inclination to exaggerate, tints and shades. It is an art, however, which has been perfectly mastered by Studio de Luxe and the perfectly national blendings of shades in their work has turned the tide of opinion in favour of colour portraits. It is painstaking work, but the satisfaction and pleasure of those who have given Studio de Luxe their patronage for this particularly delicate photography proves the efficiency of their workmanship.

From shimmering satin to soft velvet, costumes of sunlike simplicity, to the filled, flounced tulle, the models seen are bewilderingly beautiful. Languidly lovely laces, slinky crepes, all come in drifts of snowy-white or in delectable sugar-candy pastels.

Marquissette, net, stiffened mousseline-de-soie and embroidered mousselines make the loveliest of bridesmaids' dresses.

White or Tinted

ALL-WHITE WEDDINGS or rainbow tinted combinations are unusual because of the new silhouettes. Wide skirts are even wider, because of the petticoats with starched flounces underneath. Satin combines with net in both wedding gown and bridesmaids' dresses. Full skirts are in satins, velvets and tulle. Stately picturesque tagetas is used sometimes for the bride and dainty pastel taffetas for the bridesmaids.

Snoods of ribbon, white chenille, dull white fishnet, distractingly demure conical hats, in soft folds and wreaths of white flowers, are being used for bridal headresses.

Long sleeves, extremely high necklines, basque bodice, tops, dozens of tiny buttons, bustles and simulated bustles make the classic beauty of handsome white moires and stand alone as a main. Short gloves of kidskin complete the charming models, redolent with the fragrance of some bygone belle of the nineties. Everything is romance personified.

Fashion Tidbits

A LACE WEDDING GOWN is alluring, something romantic, something super-flattering, and something that could be packed away for an heirloom treasure.

Evening highlights to remember are sleek spangled dresses veiled in floating chiffon, exquisite black frocks encrusted with black satin, highwaisted, slim-skirted, black dinner dresses with bust-length embroidered boleros having long sleeves, slim black evening dresses with short, balloon sleeves and sheer bouffant dresses over narrow slips, sheath frocks with brassiere bodices and flaring panels.

Preparing A Patient For A Doctor's Visit

DOCTORS ARE VERY BUSY PEOPLE AT all times of the year, and your family doctor will be grateful to you if, when you ask him to call, you also give him some idea of the nature of the illness.

LET HIM KNOW

Let him know that you want him to see your husband because you fear he has developed a chill, or your small son because he has injured his arm, or your daughter, who is obviously feverish.

Before he comes the patient should be in bed, and the bedroom prepared, warmed, aired and well ventilated, with a chair handy near the bed for the doctor's use.

If the bathroom is not very near the bedroom, have ready a basin, hot water, a fresh cake of soap, and a clean towel for the doctor's use, also fresh water for washing the thermometer.

BE BRIEF

If the patient is new to the doctor, tell him the necessary particulars—age, previous health, temperament, and so on—downstairs, but be very brief. Listen to the doctor's questions and answer them directly, keeping to the point.

Take the doctor to the sickroom, but don't stay in the room unless the doctor asks you.

Don't question the doctor immediately he comes out of the room and while he is within the patient's hearing, and never talk in whispers outside the door—it is most irritating to the patient.

DOCTOR'S ORDERS

Have ready a writing pad and pencil, so that you may be able to take down any special instructions about hours for medicine, food, etc.

Whatever the doctor orders to be done should be carried out, if possible. If you cannot do it, tell him at once.

If you have to take the patient's temperature regularly night and morning, be sure to keep an accurate record and let the doctor see it when he calls.

Before the doctor's next visit, see that the patient is washed and hair brushed, and the room tidied and dusted, and be sure, too, that you, yourself, are not flustered.

THREE USEFUL BEAUTY HINTS

Brightening:

TO BRIGHTEN FAIR HAIR, add the juice of a lemon to the last rinsing-water or rinse it with camomile lotion.

To make this, put a large handful of camomile flowers into a jug, pour over them a pint of boiling water. Allow the flowers to steep in the water for 15 to 20 minutes, then strain off and, after shampooing the hair, add the camomile lotion to the last rinsing-water.

Darkening:

BLEACHING the hair is not advisable, as there is a great risk of spoiling the hair by causing it to split and break with continual bleaching.

If, however, you still wish to do this, the parts of peroxide and ammonia are equal. When purchasing the ammonia from the chemist, be sure to state the use to which you intend to put it. The peroxide is ordinary household peroxide.

Bleaching:

TO DARKEN EYEBROWS AND LASHES, and to improve their condition the best treatment is to use either good olive oil or castor oil on them.

Olive oil is the better. Apply it very sparingly with a white linen cloth, taking the greatest care not to touch the eyes themselves. Vaseline is also very good for this purpose.

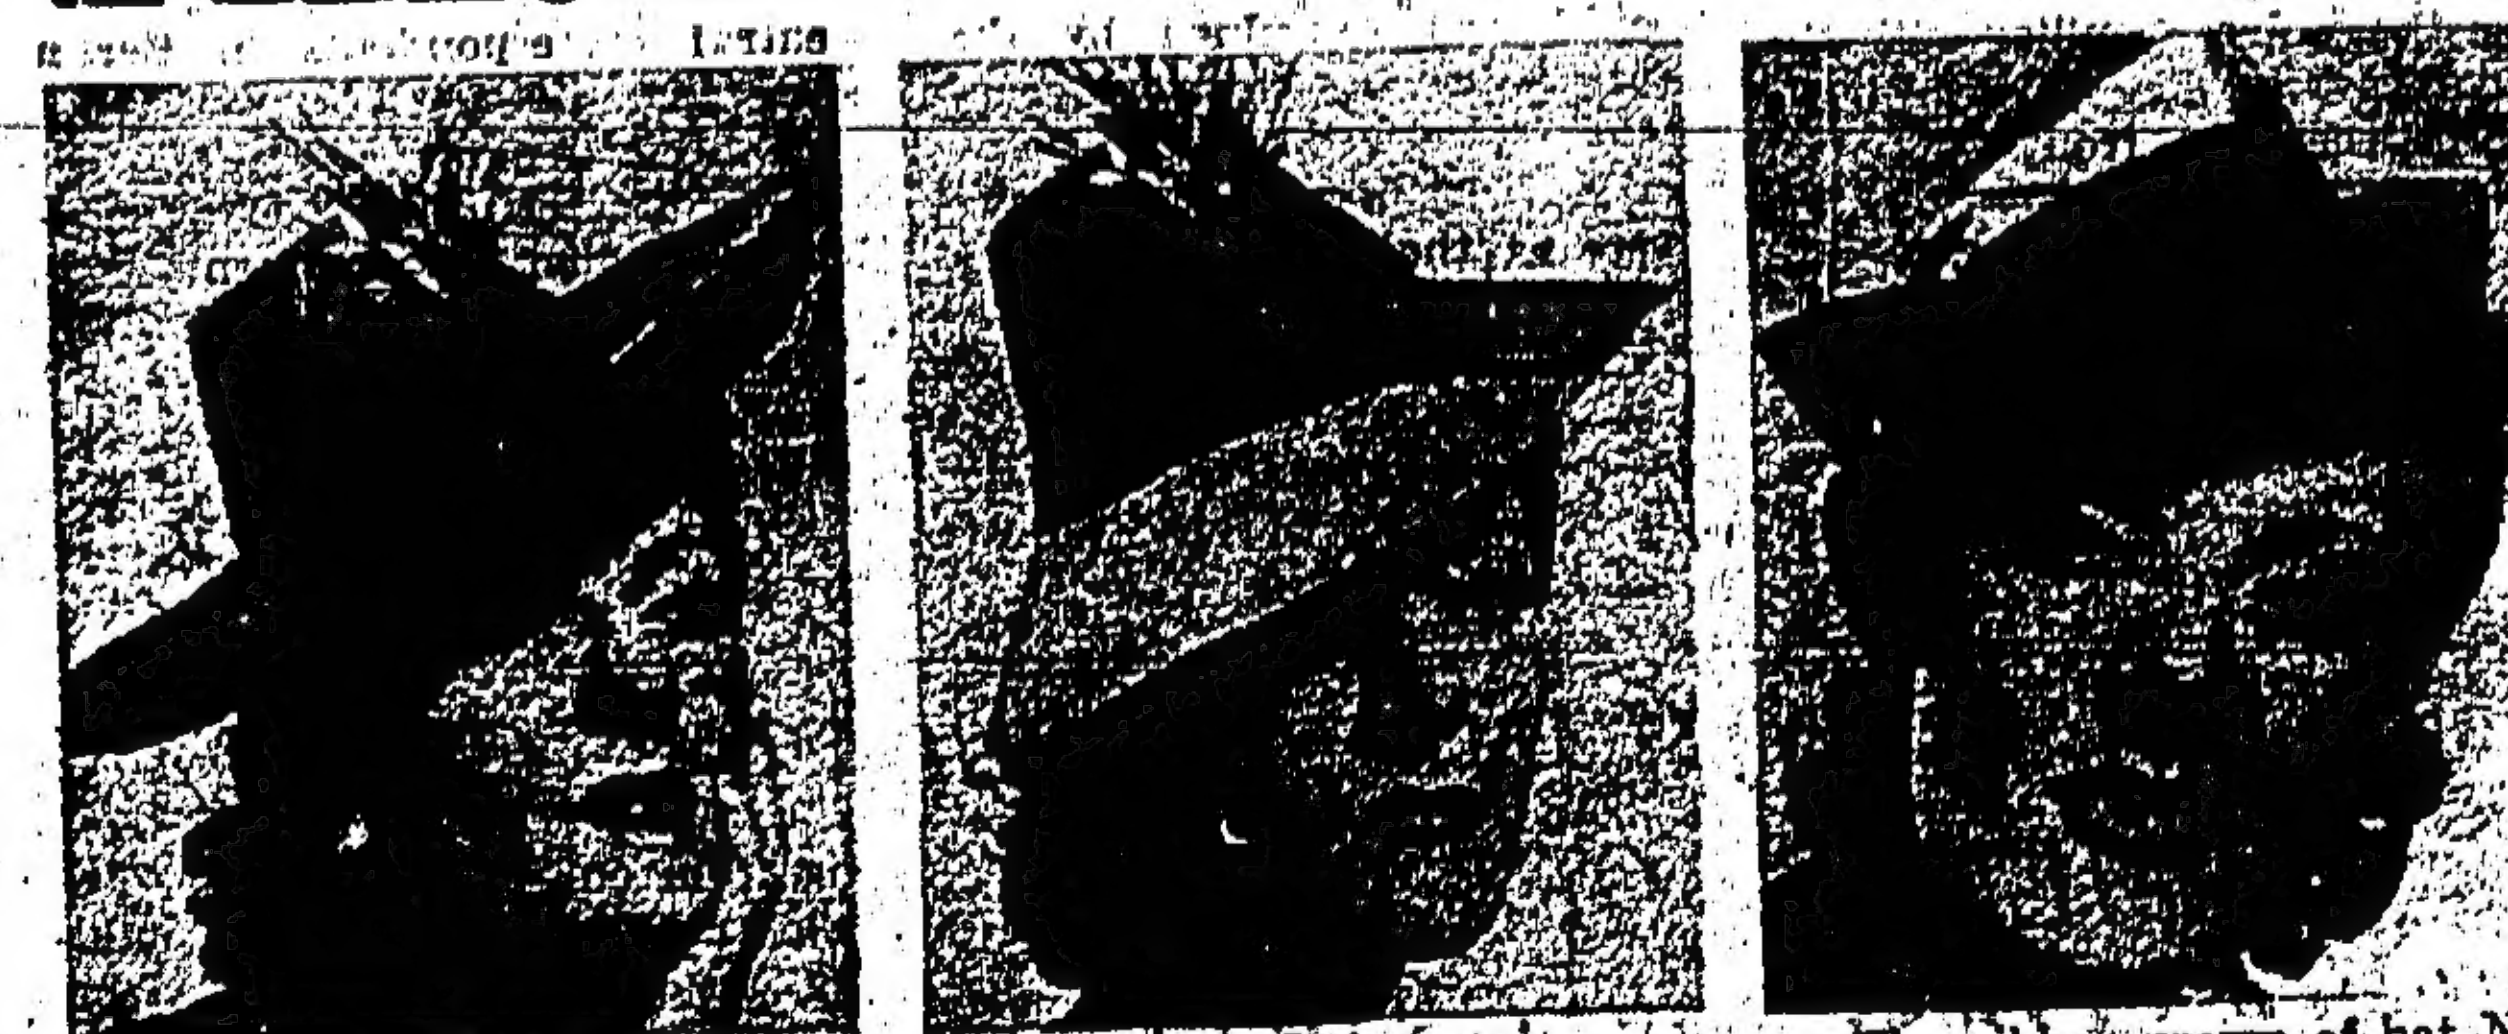

PIGEON PUDDING:

Allow two pigeons to a good-sized basin, also lib. of lean pork or beef. Use all the pigeon, cutting into pieces, and putting into a basin with suet as you would a beefsteak pudding. Steam for at least 4 hours—the longer the pudding is steamed the better.

THREE OLD HATS make

THREE NEW ONES

Here's a good economy trick. Combine the crown of one old hat with the brim of another. These pictures show you what can be done by changing about a brimmed straw, a winter felt, and a pastel felt, with ribbon crown. First, here's a smart hat that results from stitching the felt crown of the centre hat in the top picture to the straw brim of the first one.

And this is the same crown, now combined with the pastel felt brim of hat No. 3. You could make this brim and the straw one interchangeable by stitching a petersham ribbon with clip fasteners inside each of them, and also inside the crown. Alternatively slip-stitch the brim and crown neatly together, trim with ribbon.

The ribbon crown of hat No. 3 combined with the upturned brim of hat No. 2. You could adapt this idea for remodelling any brimmed felt hat; buy half a yard of striped taffeta ribbon, stitch it right over the existing crown. If the shape of the hat will take it, make a snood out of some more ribbon, sew it on under the brim behind.

FROCKS FOR THE SUMMER

YOU CAN HAVE THE MOST ENCHANTING SUMMER WARDROBE for very little if you do some dress-making at home. This year's styles are very simple to make for yourself and with a little practice and experience you can give your clothes that professional finish which is the sign of a clever home dressmaker.

Be Particular:

It pays the amateur, to be very particular. You certainly get your frocks much cheaper, but they must look just as expensive as those you would like to buy.

Never hurry over the choosing of your material, and choose your pattern first. Obviously if you choose a style with gathering, or fine shirring, you need thinner material than for a tailored pattern.

Be Careful:

A great deal of time and money is spent by manufacturers nowadays in making material crease-proof, washable and unshrinkable, as well as fadeless, and you should be careful to find out the qualities of cloth before you buy it.

For the same reasons, take care to choose a thread that is equally reliable. Obviously one that faded or ran in the wash would ruin your dress.

Be Decorative:

Stitching this year forms a decorative part of the dress in many styles and several rows of stitching in a bright contrasting colour look charming as a finish to a light summer frock.

Braid and binding can also be used round sleeves and neck or to finish the hem of a flared skirt. Tightly gathered waists are fashionable and are best stitched across several times, on the right side.

NEW YORK COTTON: Following the weakness of foreign markets, the market reacted on increasing March liquidation and Bombay selling. Domestic mills also sold considerable apparently to hedge goods. Trade interests buying on a scale down furnished the only support of the day. The explanation from Bombay of the decline in that market is that traders fear there will be no demand for Indian broach, the best grade of Indian cotton, unless it is taken by the Chinese mills.

NEW YORK RUBBER: Increased sinkings are being watched closely. Factory and Commission House demand met with dealer offerings on the scale up.

CHICAGO WHEAT: Steady but dull. Private crop reports show little improvement, but the estimates of Farm Reserves are less than expected.

CHICAGO CORN: An improvement in shipping demand and a more active export interest were noted.

NEW YORK STOCKS: Previous close, 146.89; Today's close, 147.97; Change, up 1.08.

LEGISLATIVE COUNCIL MEETING

Continued from page 5

Aquarium, which is expected to be in the nature of £2,000, should be borne by this Government, and that a reduced grant of £8,000 should be gratefully accepted from the Colonial Development Advisory Committee for the construction of the fisheries research section of the proposed station.

This is the first grant which has been made from the Colonial Development Fund to this Colony and it is perhaps a fitting coincidence that I should today be moving this resolution so soon after the publication of the far-reaching proposals of His Majesty's Government in the matter of Colonial policy in which the expansion and development of this Fund play so important a part.

LAW COMMITTEE

The Colonial Secretary then announced the appointment of the Standing Law Committee for 1940. The following Members have been appointed and have agreed to serve:—The Honourable the Attorney General (Chairman); The Honourable the Financial Secre-

tary; The Honourable Sir Henry Edward Pollock, Kt., K.C., LL.D.; The Honourable Mr. M. K. Lo; The Honourable Mr. Leo D'Almada e Castro, Junior.

PRIZE COURT FEES

The Council also approved the Order for regulating the fees to be payable in the Supreme Court in Prize, dated January 20, 1940, made by the Chief Justice in exercise of the powers conferred by section 32 of the Supreme Court Ordinance No. 3 of 1873 and section 7 (1) of the Colonial Courts of Admiralty Act, 1890, and also an additional by-law made by the Urban Council under section 3 of the Public Health (Sanitation) Ordinance under the heading "Dangerous and Offensive Trades" and an amendment to the by-laws in the Schedule to the Public Health (Food) Ordinance under the heading "Markets."

NEW LEGISLATION

The Bill to provide for the Registration of Dentists and the Bill to amend the Waterworks Ordinance, 1938, were read a second and third time and passed, whilst the first reading was taken of the following Bills:—

A Bill to amend the Indictment to Disaffection Ordinance, 1939;

A Bill to amend the Merchant Shipping Ordinance, 1899;

A Bill to regulate the closing hours of retail shops;

A Bill to provide for the estab-

lishment and regulation of the Hongkong Corps of Air Raid Wardens;

A Bill to make provision for the Administration of Estates by Consular Officers; and

A Bill to make such special provision with respect to trade marks as is expedient to meet any emergency which may arise as a result of war.

ATTENDANCE

The following were present at the meeting:—

MACAO SOCIETY TURN-OUT FOR MARCH RACE MEETING DESPITE BAD WEATHER

From Our Own Correspondent

MACAO, Mar. 4.—Despite the inconsistency of the weather, one of the best turnouts of Macao society was witnessed at the Arca Preta course, when the Macao Jockey Club held its March meeting yesterday afternoon.

Of special interest to local racegoers was the debut of Mr. Joao Nolasco in the Pleasant Quarters Handicap. He "also-ran" on Country Flower.

Among the spectators was H. R. the Governor of Macao, Dr. Artur Tamagnini de Sousa Barbosa, who watched the events from the private box. His Excellency was accompanied by his Private Secretary, Dr. A. Gouveia Carvalho, and Mrs. Carvalho.

EARLY ARRIVALS

Early to arrive were Mr. Jack M. Braga, Dr. Jose Vidigal and Dr. Reis, as also were the Club's chairman, Mr. F. J. Gellion, and Melco's Mr. K. B. Fletcher. The latter two took the opportunity of their early arrival to give all details their once-over.

Lunching in the restaurant was a large party composed of Municipal Mr. and Mrs. Mario C. Pereira, P.W.D.'s Mr. and Mrs. Gaston Borges, Mr. P. Nolasco, and Melco's Mrs. Annie Silva and Mr. A. Pereira.

Mr. A. A. ("Pa") Mello arrived together with cadet Mr. R. G. K. Thompson.

AWAITING FRIENDS

Mr. and Mrs. R. D. Barrett, of the Chinese Maritime Customs, were awaiting friends, who turned up later in the persons of Pan-Air's Mr. and Mrs. C. Barnes, Custom's Capt. Skinner, Mrs. and Mrs. Lohar Lucas.

Dr. L. de Menezes Alves (Colonial Secretary) turned up after the first event and joined Mr. F. J. Gellion in the Judges' Box for official race duties.

Strolling on the lawn in between the drizzles, were Post's Mr. A. Valente, P.W.D.'s Mr. David Vilasena, Mr. Guilherme Silva and Mr. Frederico Nolasco.

Still early arrivals were Mr. and Mrs. Silva Ramos, and Lt. R. H. Silvertubo.

LARGE PARTIES

Larger parties were coming in before the third saddling bell. The first comprised Police Commissioner Capt. J. Montalvao e Silva, Lt. and Mrs. Rosa Garcia and Bank's Mr. Vasconcelos. Mrs. Rosa Garcia later joined Miss Amelia Nolasco in the stands.

Mrs. Gellion chatted long with Melco's Mr. and Mrs. B. de Senna Fernandes, Chief of Staff Capt. and Mrs. Fausto Correia, and Lt.-Comm. and Mrs. Freitas Ribeiro.

During the interval before the fourth race, Mrs. Luis Nolasco stopped to chat with Dr. J. Vidigal. She was accompanied by Mr. and Mrs. Carlos Silva.

Among many other married couples were Lieut. Dr. and Mrs. Arthur Carneiro, Mr. and Mrs. Alvaro Jorge and daughter Patsy, and Mr. and Mrs. Baumann and children.

BIG SWEEP DRAW

Chief interest at the meeting was centred on the Victory Handicap sweep drawing, which was presided over by Lt. Rosa Garcia and witnessed by the public. The lucky ticket, No. 2498, was drawn on Shanghai Four, the winner of the event, and brought its owner, a local Portuguese, the \$10,615.00 prize, generally considered a large return for local racing.

My final selections will appear in tomorrow's issue.

BADMINTON TITLE

Badminton championship matches played at King's College last night resulted as follows:—

C. Au beat David Kwok 15-4, 15-9; Patrick Wong beat C. H. Cheah 15-2, 15-5; W. Gillies beat F. Tsang 17-16, 15-4.

The match between P. Winter-Blyth and A. L. Fisher was postponed.

CONSPIRACY TO ASSAULT

Five men, Wong Yat-ming, 22, Chinese doctor, Luk Fat-yat, 25, unemployed, Lui Shing, 28, house cooler, Lam Tak-cho, 28, unemployed and Lam Chuk-fu, 29, salesman, who appeared before Mr. Sheldon at the Central Court on a charge of conspiracy to assault Wong Chi-fong, at No. 124 Jaffe Road, on February 12, were found guilty.

The Queen Elizabeth was expected to dock in New York 14th night.

The stay of the Queen Mary in New York is costing her owners \$5,000 monthly.

"GHOST TRIP" ACROSS ATLANTIC OCEAN

Giant Cunard Liner Queen Elizabeth In New York

IT IS UNDERSTOOD THAT THE QUEEN ELIZABETH HAS
CROSSED THE ATLANTIC AND WILL DOCK IN NEW YORK
SOON.

The crossing of the Atlantic in secret and without passengers is described as the most amazing maiden voyage ever.

Ever since she was launched by Her Majesty the Queen in 1938, workmen have been making her ready to take her place beside the other Cunard White Star liners, but no one thought that her maiden voyage would be "a ghost trip."

SISTER SHIPS
In New York, the Queen Elizabeth will join her famous sister-ship, the Queen Mary, which has been there since the outbreak of war. Beside her will be her famous Atlantic rival, the French liner Normandie.

The Queen Elizabeth was expected to dock in New York 14th night.

The stay of the Queen Mary in New York is costing her owners \$5,000 monthly.

NEW YORK PREPARED
A message from New York states that the Mauretania has been moved from her berth alongside the Queen Mary and Normandie to make way for the Queen Eliza-
